Hi Erin, attached are PDFs of the comments received (which includes EPA's comment letter of 10/23/20 at the end) and ND's response to comments.

Thanks so much for all your help!

Holly

Subject: State submission comments and response to comments document

Hi Holly –

Do you have a PDF of the state's comments and response to comments documents that you could send to me please? I just want to see what the commenters said and what NDEQ's response was. If you could as part of this, please send EPA's comment letter to me too, that would be great.

Thanks!
erin
